## Selectmen's Meeting

### HOLLY WOODS COMMENT

Mrs. Earl Boardman spoke briefly with Selectmen concerning last week's hearing on the proposal to have the town accept the access road to Holly Woods. Mrs. Boardman wanted the record to show that the five people opposed were not abutters to Holly Woods Road. She also wanted the record to show that only the residents of Holly Woods pay the assessment of \$30.00 per year per residence for the road maintenance.

On the same subject Dana C. Coggins, secretary of the Peases Point Improvement Association, asked to be informed of any future meetings on this matter.

The Board of Selectmen said that the proposal will be presented to the Special Town

#### WATER DEPARTMENT COMPLIMENT

Mrs. William McLaughlin wrote commend-  
ing Charles Morgan and the Water Depart-  
ment in correcting a flooding problem on  
Laurel Street. Mrs. McLaughlin noted  
that State and County authorities had  
studied the problem for years without so-  
lution. When she called the Water De-  
partment, they came, found the flood-  
ing was caused by a broken water main  
and fixed it promptly.

#### PERMISSION TO EXCAVATE

### 1 A.M. CLOSING TO REMAIN

The Board of Selectmen again studied the matter of the closing hour of liquor establishments following a repeat request by two Route 6 clubs, The Spinnaker and King of the Road. The decision was unanimous in favor of retaining the 1 A.M. closing hour. Chairman R. William Blasdale said that the Board of Selectmen, while sympathetic to the general business problem as explained by Managers Cadieux and Branco of The Spinnaker and King of Road respectively found, after review of the situation, no advantage to the town in general to justify a change in the 1 A.M. closing hour.

## STATE TOURIST BUREAU GOES METRIC

The Massachusetts Department of Commerce and Development has gone metric with the publication by the Division of Tourism of a new tour guide and a directory of golf courses which give measurements in kilometers and meters.

"The nation will eventually convert to the metric system and we can help familiarize the public with metrics in little ways like this," said John J. Marino, Commissioner of the Department of Commerce and Development, in announcing the new publications.

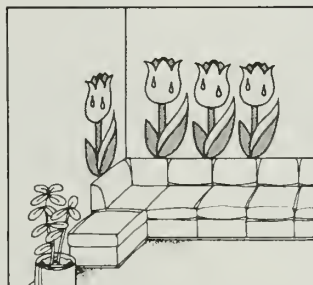

The directory of the state's 234 golf courses shows the length of each course in yards and meters.

After losing their first game to Wareham, Mattapoisett came back to beat Charisma of Fairhaven, the Lakeville team, then Poyants of New Bedford to eliminate them all. In the finals Central Pharmacy of New Bedford walked off a wet field to receive the first place trophy. The second place trophy went to the host team, Mattapoisett. A most valuable player trophy was awarded to Central Pharmacy's pitcher, Shauneen Bourgeois.

## Letter to the Editor

In Mrs. Wilma Ripple's "Letter to the Editor" she speaks of the responsibility of the student for his/her success in the classroom. She states that she has heard no one mention that his/her child had put in long hours of study every evening in connection with the controversial ALGEBRA I class at our Junior High School. I am sure she is right for I doubt very much if anyone DID put in those long hours of study. After all, why should he/she, because it appears from all accounts, that there was little, if any, interest, enthusiasm, or understanding of the subject, nor yet what its aims were or procedure. In fact, there was simply great frustration from what I gather.

Now Mrs. Ripple made two main points or queries in her letter which I shall endeavor to answer in the hope of making clear, from a long-time teacher's point of view, just

what is this learning process and how it works.

No. 1 - She states that it is her opinion that, and I quote, "unless a student is challenged to the point of literally 'rack-ing his brain', he will not really go through the process of learning."

No. 2 - She asks when does an individual become responsible for his actions or accomplishments?

In regard to No. 1, I would ask merely this question: WHO should present this all-important "challenge" so that the student will WANT to LEARN and even RACK HIS BRAIN in the doing? Certainly it is up to the TEACHER to do just that, if he is worthy of the name! The teacher must be a salesman for his subject. He must be one who takes JOY in imparting knowledge. He must be ENTHUSIASTIC ("Enthusiasm" comes from the Greek and means "God within"). He/she must show that he is vitally interested in each individual student, and desires to help him in every possible way. Above all, he should possess a sense of humor! That is my definition of a real teach-

er! Further, I feel that all will agree that even the slowest students can tell within three or four days of class whether the teacher is going to be able to impart any knowledge or not. It's a sort of sixth sense and I assure you that all students have it though they may not know the subject - yet. They know, of course, that they have to do their part, but they will WANT TO if they have confidence and faith in their teacher. If - and it is a BIG "IF" - the teacher cannot instill this confidence and faith in the early days in the class-

room, there is no "challenge" and the year will be largely lost! Some forty-five years in public and private school classrooms in Massachusetts and New York have convinced me of this fact.

With regard to No. 2, I shall be more succinct and simply say that, in my opinion, an individual becomes responsible for his actions when he finally decides that his problems are his own. He doesn't blame them on his parents, his teacher, his environment, or his sister or brother. He comes to realize that his controls his own destiny - that he is the "Master of his Fate". Some individuals NEVER achieve this status - some arrive when they marry and have a family - some few at an early age in school. Who can tell?

## Workshop Production

"EXCERPTS" AT ART CENTER

"Excerpts" is the title of the production to be presented at the Marion Art Center on Saturday, August 27th, and Sunday, August 28th, at 8:00 P.M. Close to twenty young people from ages twelve to eighteen have been part of the Summer Theater Workshop at the Center. Directed by Nancylee Gaucher, they have had instruction in all phases of theater arts including lighting, staging, make-up, singing, dancing and acting.

The young performers will display their talents in a variety of ways. Excerpts from Thurber Carnival concentrates on hilarious humor while Edward Albee's "American Dream" is on a more serious note. Scenes from Al-

bee and "The Images" will be followed by a spoof on an act from Shakespeare's "Midsummer Night's Dream". The music and dance numbers will be taken from vaudeville, movies and musicals. Music accompaniment will be under the direction of Betsy Converse.

A Thank You Note from Mr. and Mrs. Lee Root and family, to the many people who inquired, visited and sent over a hundred cards which "cheered me up no end, as it is wonderful to know there are so many who care". ### DELEGATE TO EXPOSITION

Karen Linhares of 34 Acushnet Road, Mattapoisett has been chosen as a delegate to represent Plymouth County at Eastern States Exposition to be held at West Springfield on September 14-18th.

Delegates were chosen based on their participation in various 4-H activities throughout the year and the quality and accuracy of their 4-H Records which detail the management and cost of caring for their horse during the previous year. Karen participated in 4-H Horse Judging contests and other activities during the year and was chosen first alternate to the County Horse Bowl Team and also an alternate to the County Judging Team. She attended the Southern New England 4-H Horse Camp at Spencer, Mass. during the summer of 1976.

At Eastern States Karen will show in fitting and showmanship, equitation and pleasure classes. She will be showing her six year old Registered Morgan gelding "FallBrook Knight". For the last four years, Karen has been a member of the Mattapoisett 4-H Horse

### **What a difference a Bilco Door makes!**

Here's the way to add new beauty to your home. Replace that wooden hatchway with a modern, all steel Bilco Door. It's ruggedly built, weather-tight, and so easy for everyone in the family to use! What's more, it will make your basement more secure against intrusion. And it will pay for itself many times over by saving repair and replacement costs.

If your home was built without the convenience of a direct basement entrance, ask us for Bilco's new handbook "How to Add Valuable Living Space to Your Home."

Stop in and see our display. We'll give you free literature on how to do it. Or, we can suggest a man to install it for you.
